NOTICE TO USER
This pest control product is to be used only in accordance with the directions on the label. It is an
offence under the Pest Control Products Act to use this product in a way that is inconsistent with
the directions on the label. The user assumes the risk to persons or property that arises from any
such use of this product.

FIRST AID
IN CASE OF POISONING, contact a physician or a poison control centre IMMEDIATELY.
Take container, label or product name and Pest Control Product Registration Number with you
when seeking medical attention. If on skin or clothing: Take off contaminated clothing. Rinse
skin immediately with plenty of water for 15–20 minutes. Call a poison control centre or doctor
for treatment advice. If in eyes: Hold eye open and rinse slowly and gently with water for 15–20
minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.
Call a poison control centre or doctor for treatment advice. If swallowed: Call a poison control
centre or doctor immediately for treatment advice. Have person sip a glass of water if able to
swallow. Do not induce vomiting unless told to do so by a poison control centre or doctor. Do
not give anything by mouth to an unconscious person.

TOXICOLOGICAL INFORMATION
Swallowing may cause nausea and vomiting. Contact with the eye may cause severe irritation;
treat symptomatically. Treat skin irritation symptomatically.

PRECAUTIONS
KEEP OUT OF REACH OF CHILDREN.
Avoid contact with eyes and skin. Causes painful stinging or burning of eyes and lids. Prolonged
contact with skin may cause irritation in some individuals. Wear chemical resistant gloves and
face protection (face shield) when handling the concentrate. Do not eat, drink or smoke when
using. Wash hands before meals and after work.

STORAGE
Keep in original container tightly closed in a safe place when not in use. Store in a cool and dry
location away from oxidizing and reducing agents. Keep away from heat, sparks and sources of
ignition. Keep away from food, drink and animal feedstuffs.

SPILL CLEANUP
Eliminate sources of ignition and ventilate area. Soak up spill with absorbent material (kitty
litter, granular clay, earth) and collect into a waste container. Wash spill site with water after
material pick-up and dispose with waste. See DISPOSAL statement below.

DECONTAMINATION AND DISPOSAL
For information on disposal of unused, unwanted product, contact the manufacturer or the
provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in
case of a spill, and for clean-up of spills.

 CONTAINER DISPOSAL
FOR DISPOSAL OF PLASTIC JUGS:
Do not reuse this container for any purpose. This is a recyclable container, and is to be disposed of at a container collection site. Contact your local distributor/dealer or municipality for the location of the nearest collection site. Before taking the container to the collection site:

1. Triple- or pressure-rinse the empty container. Add the rinsings to the spray mixture in the tank.
2. Make the empty, rinsed container unsuitable for further use.

If there is no container collection site in your area, dispose of the container in accordance with provincial requirements.

FOR REFILLABLE CONTAINERS:
For disposal, this container may be returned to the point of purchase (distributor/dealer). It must be refilled by the distributor/dealer with the same product. Do not use this container for any other purpose.
If the container is not being refilled, refer to the section FOR DISPOSAL OF PLASTIC JUGS.

EMERGENCY TELEPHONE NUMBER: All hours, (519) 821-3633 ONLY for health and environmental information.

DIRECTIONS FOR USE
SENTRY mixes with all types of water. The rate of SENTRY is indicated for the control product spray mixtures or other uses listed below. Control product spray mixtures, their preparation and uses are to be derived from the individual labels for the control products.

NOTE: Do not exceed the recommended rate of SENTRY particularly with products containing their own wetting agent. Too much wetting agent can lead to loss of spray due to excessive run-off. Consult each product label for complete use instructions. As this product is not registered for the control of pests in aquatic systems, DO NOT use to control aquatic pests.
